OBJECTIVE:

As a recent BCA graduate with a strong foundation in web development and programming, seeking a position where I can contribute my skills and enthusiasm to create meaningful digital experiences.

PROJECTS:

1. Full Stack Amazon Clone

- Replicated Amazon e-commerce site using HTML, CSS, JavaScript, and React JS.
- Designed interactive product listings, shopping cart functionalities, and user authentication.

2. Netflix Homepage Clone

- Created a visually accurate replica of the Netflix homepage using HTML and CSS.
- Focused on responsive design principles to ensure compatibility across various devices.

3. Temperature Converter

- Developed a temperature converter application using HTML, CSS, and JavaScript.
- Allowed users to convert between Celsius and Fahrenheit with real-time updates.

4. Portfolio Website

- Designed and developed a personal portfolio website showcasing my projects and skills.
- Utilized HTML, CSS, and JavaScript to create an interactive and visually appealing online presence.

EXPERIENCE

1. Web Developer Intern, Bharat Intern

[Aug 2023 – Sept 2023]

- Developed responsive and user-friendly web interfaces using HTML, CSS, and JavaScript.
- Worked on enhancing the visual appeal and user experience of existing web applications.

2. Java Intern, CodeSquadz Pvt Ltd

[Nov 2022 - June 2023]

- Collaborated with the development team to implement and test Java-based functionalities.
- Participated in code reviews and debugging sessions, contributing to the refinement of software products.
